

Non - Sterile Product Technical Data Sheet

Product Code		AVM0482PK	
Description		Pink Plastic Tray	
Components Code		ARM0482PK	
Product Dimensions		232 x 142 x 20mm	
Quantity in Carton		500	
Gross Weight	Ind. Weight	13.190kg	25g

Quality Data		
Compliance		ISO13485: 2016
Latex Rating		Latex Free
Directive		MDR according to Annex VIII
Classification		CE Class 1 Medical Device. Non Sterile
We sterilise with: Can be sterilised by:		Ethylene Oxide Steam Sterilisation
Material Specification		Homopolymer – Polypropylene
Grade		Moplen HP648T LD6136

Packaging	Measurements	Weight per Qty
Polythene Liner x 2	987 x 987mm	0.047kg
Cardboard Carton	520 x 300 x 340 mm	0.538kg

Cautionary Note	DLS Hollowware is of lighter weight plastic material and may become supple at 134-137 degrees when autoclaved. Our products are suitable for Steam Sterilisation but are not processed in this way on site.
Storage Instructions	Store all cartons at ambient temperature in a dry facility.
Other Information	Single use only recommended. To the best of our knowledge, our products and packaging are DEHP free, Phthalates free, Bisphenol A free, PVC free and Silicone free. However, we have not tested for these. No animal derivatives are used in the making of these products. Shelf life 5 years.
Commodity Code	90222100
